

EMBARK ON THE CREATIVE JOURNEY TO BE YOUNG FRIENDS OF THE ACADEMY!

*I enjoy the interaction between the actors and students in the **DRAMA WORKSHOP**.*

*The performance of **Opera Scenes School Tour** is **FANTASTIC!***

What Our Participants *SAY*

*After watching the **Dance Performance**, I think that I will likely dedicate my entire life to **DANCING**.*

I appreciate the work of the graduates. The guided tour taught me some scopes of Theatre Arts which cannot be learnt at school.

It is an eye-opening experience to try on costume of Cantonese Opera in the workshop, which enables us to have an authentic taste of the traditional culture.

I learnt a lot from the discussion with my fellows, the Academy's students and the facilitator in the Film Screening Workshop.

Performing arts are the artistic and spiritual wealth of our society, bringing benefits to people and the community with physical delight, emotional refreshment and social fulfillment.

The Hong Kong Academy for Performing Arts (the Academy) advocates the promotion of arts to the public, especially to the youth. The Academy launches the first-ever "Young Friends of the Academy" Programme. It is an arts education and audience development programme targeting secondary school students, for them to enroll as members and enjoy valuable opportunities of attending performances, rehearsals and workshops, as well as expert talks and backstage tours for free.

Mission

Inspire the youth to develop a broader interest in the performing arts and culture, and appreciate the relationship of the performing arts to the wider world around them.

Goals

By embracing the performing arts, we encourage young people to:

- > Enrich their knowledge and broaden their horizon through experience in the performing arts
- > Uncover their artistic potential
- > Capitalise on performing arts education conducive to personal and social growth
