

Library Renovation Project

Prepared by: LING Wai King, Librarian

27 March 2014

Observation(1)

1. Familiar with computers and handheld devices.
2. Like to figure things out on the keyboard
3. Familiar with web-based resources and other information on the Internet

Observation(2)

University Libraries provide more and more space for collaborative and student centered learning:

Group Study Room
Learning Commons
Leisure Space for Social
Learning
Library Activities
and Exhibitions

Academy Library

REVAMP

- Adequate size of electronic collection
- Space for collaborative learning
- Educational technology equipment and advanced IT equipment

Library Renovation Project

- A proposal on creating space and reorganizing space for collaborative learning was first submitted to the Government in 2006 and re-submissions continued till funding was granted in 2011/12
- BARRIE HO Architecture Interiors Ltd was appointed Lead Consultant in November 2013

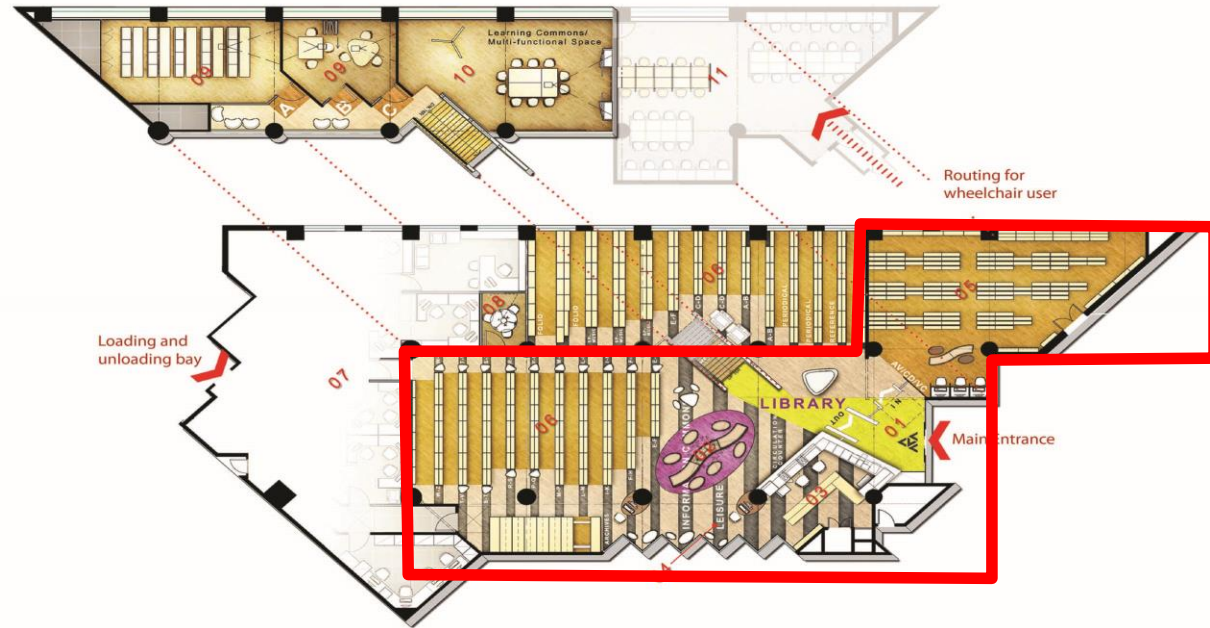

Feedbacks Received

- ▶ Draft layout creates space for collaborative learning is welcome
- ▶ To keep library services interruption to minimum, the Project should start in June of the year, i.e. June 2014 or June 2015
